## PRAYER RESOURCES

As we encounter people in migration through reading and listening to the testimonies of the Solidarity Across Borders campaign, we remember that we are a community and only in a community can we move forward without leaving anyone behind. In that spirit, through this campaign we join with partners throughout Central America and North America to promote solidarity and hospitality and grow in empathy for refugees and people in migration in the midst of the COVID 19 pandemic.

One way that we join with our brothers and sisters in the US and across borders is through prayer, uniting in spirit as we dedicate our faith, desire and imagination to the well-being of our community. The following are a few of the many resources available in the Jesuit Catholic network to engage your community in prayer.
